

## **SUMMER SCHOOL 2019**

Masconomet will offer summer school courses for remediation and credit recovery during July and August. The remedial courses will enable students to make up courses failed during the regular academic year.

### **Remedial Programs:**

Any student who has failed either or both semesters of one or more of the following required courses should select the appropriate summer school option. Mastery of the objectives of these courses is required before the student will be allowed to continue in the required sequence of courses in that department. Permission to pursue a remedial option other than the Masconomet Summer School must be obtained in writing from the Senior High School Principal prior to the end of June. Some students who have failed due to chronic truancy or other attendance problems may be required to repeat the course rather than attend summer school.

Grades received in the remedial summer school will appear on the student's transcript as Pass or Fail and will not be used in the calculation of his/her grade point average. The student's original grade will also appear on the transcript.
