MARCH 26: INTERNATIONAL DINNER

MARCH 26: STUDENT COUNCIL SPEECHES (ASSEMBLY)

MARCH 31: STUDENT COUNCIL ELECTIONS (VOTING IN HOMEROOM)

EMMY'S TOP TIPS FOR TACKLING SPRING TRYOUTS

The most important thing to remember during tryouts is to never doubt yourself. If you are nervous about tryouts, you are most likely to play nervous and it will use you to make mistakes. Believe you can do it!

TRAIN! Work on your skills to get better everyday. It never hurts to put more work and effort in!

Eat healthy! To prepare for all of the fitness tests in your tryouts, you need to be in good shape. Eating healthier will result in more energy, and all around your body will feel way better.

Don't hold yourself back because you are "just a freshman". Play to your full ability and show everyone what you got!

ADVISOR UPDATE

Happy March, Class of 2023!

March is a great time to self-reflect! You are in Quarter 3 of your freshman year, which means you have learned a lot about yourself as a student over these past 6 months. As you select your classes for sophomore year, think about the different areas of your life:

1. Personal well-being (sleep, physical/mental health)
2. School
3. Hobbies/Extracurriculars
4. Family
5. Friends

How have you done balancing all of these?? Remember that they are ALL IMPORTANT and you can't put too much emphasis on ONE, or other areas will suffer. Consider these 5 categories as you select your courses for next year and make sure you create a schedule that works for YOU and your life. It will be different from your friends and that is okay! Talk to your family and teachers for advice and learn from freshman year to make next year even better!

- Ms. Finnegan

MAGGIE'S METHODS FOR MANAGING QUARTER 3

QUARTER 3

- Clean out unnecessary paper from your binders/folders.
- Start using an agenda if you haven't already!
- When you need help, stay after. Teachers are there if you need them!
- Use study tactics that work for you, like making flashcards, Quizlets, study guides.
- Keep up with homework - It will help with studying and learning the material.
- Review quizzes before the test - It will help!
- Be accountable! Don't skip assignments that will help you.
- Plan out homework before you start. This will help you stay on track and finish quicker.
- Stay focused and have a successful 3rd Quarter!

Student Council elections are March 31st! You will vote in homeroom for [class officers](#) for 2020-2021. These are the individuals who work with me, your advisor, Ms. Finnegan, to plan events specifically for your grade. Your officers planned a Patriots ticket raffle fundraiser, a movie night fundraiser, and write monthly newsletters (like this one!). Next year, they will be planning your freshman/sophomore semi-formal dance. Your current officers are Matt Theriault (President), Connor Thompson (VP), Emmy Clark (Secretary), Maggie Sturgis (Treasurer), and Stella Nagle (SAB).

You will also vote for [Student Council Executive Board](#). These individuals work with the Student Council to plan events for the whole school. They work with Mr. Hanchett. They plan events like: Thanksgiving Pep Rally, can drive, St. Patrick's Day Senior Citizen dinner, Memorial Day assembly, blood drive, etc.

TEACHER FEATURE: MEET MRS. CONTI!

Meet Mrs. Conti! Mrs. Conti is one of the freshman math teachers. She has been teaching math at Masconomet for 13 years and was inspired to become a teacher when her 10th-grade math teacher gave her the chance to teach a math lesson in class. Mrs. Conti loves teaching 9th grade because she enjoys helping make the transition to high school easier for kids. Mrs. Conti likes teaching math because of those moments where everything just clicks and kids can understand and solve the problem given. She enjoys helping kids learn and evolve as the year goes on.

- By: Stella & Maggie

FRESHMAN FEATURE: MEET EDANA RIVERA!

Meet Edana Rivera! Edana is musical, as she plays ukulele and sings. Something that sets her apart is that she sews and designs the clothes she wears! She decided to customize her clothes because she "likes dressing differently." She explains, "I'm not about to pay \$180 for a pair of leggings." Athletically, she plays soccer, rollerblades, and boxes after school. Edana is also involved in political movements and likes to learn about ornithology (the study of birds), robotics, and conspiracy theories. Edana is also a headstrong feminist. She explains how, "When you're in an environment with empowered girls, it feels so special. Every girl fits in." Edana is interested in possibly pursuing a career in law.
